Don Teets Contracting, Inc.  
12570 Tamiami Trail  
Punta Gorda, FL 33955

Dear Don and all the Employees of Don Teets Contracting,

We would like to take this opportunity to thank all of you for our beautiful home. You have made our dream come true from the “trayed” ceiling in our newly expanded living room to our kitchen, unlike any we thought we would ever own. Your high standard of workmanship can be seen in everything that was done.

When we would get together with friends and would hear their “horror stories” of working with their contractors, we could only sympathize and say that “we had not had that problem with our contractor”.

Many times neighbors would stop to see us and they always commented on the fact that when your staff came to work they never stopped all day. They were constantly working. This is a testament to you and your leadership.

Please do not hesitate to use our names when you have perspective clients. We would be more than happy to open up our home to sing your praises! You and everyone in your organization deserve them.

Sincerely,

*Chris & Janice Beckett*
