March 11, 2006

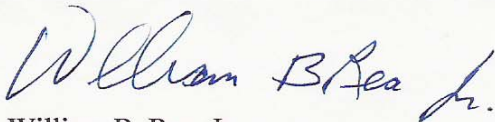

To whom it may concern:

This letter of recommendation is written on behalf of **Don Teets Construction, Inc.** of Punta Gorda, Florida.

In January of 2006 I engaged **Don Teets Construction, Inc** do renovation work on both the inside and outside of my newly acquired residence at 3662 Turtle Dove Boulevard, Punta Gorda, Florida. The job was extensive and included inside demolition of built-in wall cabinets and replacement of doors, walls, ceiling, and trim, floor tile, electrical and painting. The outside work included additional trim, stucco and painting. Time was of the essence in this contract because work couldn't commence until after closing on January 6<sup>th</sup> and had to be completed in time for my move, which could be no later than the end of January.

The entire job was completed in an excellent manner within the agreed upon time frame. The personnel on the job were polite, neat, punctual, and very skilled in their respective trades. Great care was taken to minimize dirt and dust and the house was left spotless for our move in.

I would not hesitate to recommend **Don Teets Construction, Inc.** for any repair or renovation work and would be happy to talk with any prospective client.

William B. Rea, Jr.
